Hello,

I was doing some research on your industry and I landed on your website. Thing is I had a look at some of the other businesses who are currently rank on page 1 and I truly believe you have a better website and a better brand.

Long story short, I have created a Website Audit which addresses all the technical and web errors on your website that is stopping you from ranking on PAGE 1...

I am happy to send you this report so that you can have a clear picture of what can be done to optimize your website further.

All I want is the opportunity to call you and discuss THE WEBSITE AUDIT in greater detail.

What do you think?

Thanks,

Karan
